The First Annual Valentine's Day Celebration at Stone Bridge Farm was a huge success! We had an overwhelming response to the event and appreciate all of the people who chose to spend this special holiday with us. We hope that we met your expectations and you'll plan to return to Stone Bridge Farm.

To see a photo gallery of the evening, [click here](#). You can order prints, too!

Construction of Stone Bridge Chapel Underway

The construction of the new Stone Bridge Chapel is underway, making available another venue in which weddings can be held. The 4000 sq. ft. structure houses a chapel, foyer, bride's dressing room, ladies restroom, men's restroom and dressing area, and control room. The chapel will comfortably seat 475 wedding or event guests. As you can see from the above photos, the building has a cathedral-style ceiling and windows, and fir siding and metal roof to match the neighboring lodge. The entrance has arched, wooden doors that are decoratively carved.

Projected completion date for the chapel is March 4, 2011.
